

A large, glowing blue trident is the central focus of the image. It is held firmly by a hand with a blue, scaly texture, resembling a sea monster's paw. The background is a deep blue with a fine, sparkling texture, and a bright blue diagonal band runs from the bottom left towards the center.

USE THE FORCE OF NATURE!

BLUE STEAM TECHNOLOGY

Two holders for  
different attachments

Basket for accessories  
and towels

Industrial handle  
for separate use

Touch screen display  
with counter

Industrial plug  
with safety lock

Brush stand

ACCESSORIES INCLUDED

3x Blue Round plastic  
brush Ø 30 mm

3x Black Round plastic  
brush Ø 30 mm

1x Round stainless steel  
brush Ø 30 mm

2x Round copper  
brush Ø 30 mm

1x Round plastic brush  
Ø 60 mm

1x Round stainless steel  
brush Ø 60 mm

1x Round copper  
brush Ø 60 mm

1x Round scotch brite  
brush Ø 60 mm

2x Rectangular pad

2x Triangular pad

12x 4 different types  
abrasive pads  
(soft, middle, strong, very strong)

1x Thermofibers pack  
(5 pieces)

1x Blue Point nozzle  
with metal brass tip

1x Black Point nozzle  
with metal brass tip

1x 5 m steam  
hose

1x Extension  
pipes

1x Universal  
brush

1x Triangular  
brush

1x SANIX  
(additional accessory)

technical data	measure units	specs
power supply	V - Hz	230 / 110 - 50 / 60
working pressure	bar / Psi	8 / 116
boiler power	W	2000 / 1650
steam production	g / oz per min	110 / 3.9
power absorption	A	9 / 230 V - 13 / 110 V
start up time	min	5
boiler temperature	°C / °F	180 / 356
boiler capacity	liter / gallon	2.2 / 0.58
boiler material	type	AISI 304
steam output regulation	electronic	3-tier steam control
water ejection	yes	continuous use
body material	type	INOX AISI 304
power cable lenght	m / ft	5 / 16.4
steam hose lenght	m / ft	5 / 16.4
weight net of the unit	kg / lbs	7.5 / 16.5
Automatic refill system for continuous commercial use • Patented Bi solenoid valve with self cleaning system against lime scale • Water refill tank with 2.1 L / 0.55 gal capacity • Blue Steam Technology dome boiler with 2.2 L / 0.58 gal capacity		

## Top application areas:

### Hospitals & medical practices

Saturated dry steam has proven itself to be especially effective in medical practices, because it cleans all surfaces, devices, treatment couches, toilets, walls, furniture and floors.

### Hotels & restaurants

EV Poseidon's dry steam is ideally suited for cleaning sensitive furnishings, mattresses, furniture, carpets, hard floors, curtains, lampshades, walls, bathrooms and ceilings.

### Schools & kindergartens

Sustainable, chemical-free cleaning is also very popular in municipal areas. Not only are the surfaces of all furniture, walls, ceilings and floors cleaned deep down, but mold and germs are also reduced to minimum, without negative side effects.

### Food production

EV Poseidon's dry steam is absolutely necessary for food production areas and production lines. It does not allow dangerous germs and bacteria to spread on the food and the belts.

### Theaters & cinemas

EV Poseidon is the perfect unit to cope with the sanitation of large public places such as theaters and cinemas. One pass with steam over each seat is enough to prevent the spread of bacteria to the next person seating.

### Aviation transportation

Commercial airplanes transport a large number of people on a daily basis and the possibility to get sick during a flight is high. EV Poseidon's dry steam ensures perfect hygiene and disinfection of mass used areas.

### Ambulances & vans

With its extra long hose, it can get anywhere right down to the last cracks and micro holes – and what's more, it cleans in the depth, without leaving residues. Germs have no chance without their breeding grounds and against the heat.

### Spa & gyms

Dry steam is the ticket for cleaning large areas and it saves time and water. War is declared on germs, and you can say goodbye to chemical residues in gyms and spas.

### Shops & supermarkets

Shelves, cooling equipment, showcases, walls, ceilings, displays, windows and all types of floors can be cleaned quickly and easily with EV Poseidon.

### Kitchens & catering

The hygienic cleanliness and germ elimination of EV Poseidon is in particular very much appreciated where food is processed. In particular, walls, ceilings, work surfaces, cooling equipment, ovens, floors and devices can be cleaned quick and easy.

### Public transportation

Sanitizing large vehicles as those used for public transport could be time consuming if you don't have the right equipment. EV Poseidon can save a lot of time and ensure perfect hygiene in areas used by many people.

### Yachts & maritime transportation

Ships, boats and yachts have many different surfaces and components. Cleaning with EV Poseidon helps prevent rust and decay and preserves your investment to remain beautiful and in a good condition for a long time.
